

46 actions. One sequenced pathway to durable peace.

Visualising the recommendations for Normalizing the Security Situation of
Khyber Pakhtunkhwa

46
RECOMMENDATIONS

PHASE I
0-2 YEARS

PHASE II
2-5 YEARS

PHASE III
5-15 YEARS

Six workstreams · Cost and KPI on every action card · Vector artwork for sharp printing

Study data cut-off: 4 October 2026 | Visual pack prepared: 5 October 2026

01 / THE STUDY'S CENTRAL FRAME

Normalization is a three-part system

The monograph's core claim: force is necessary, but durable security depends on enforceable rights and a credible fiscal settlement too.

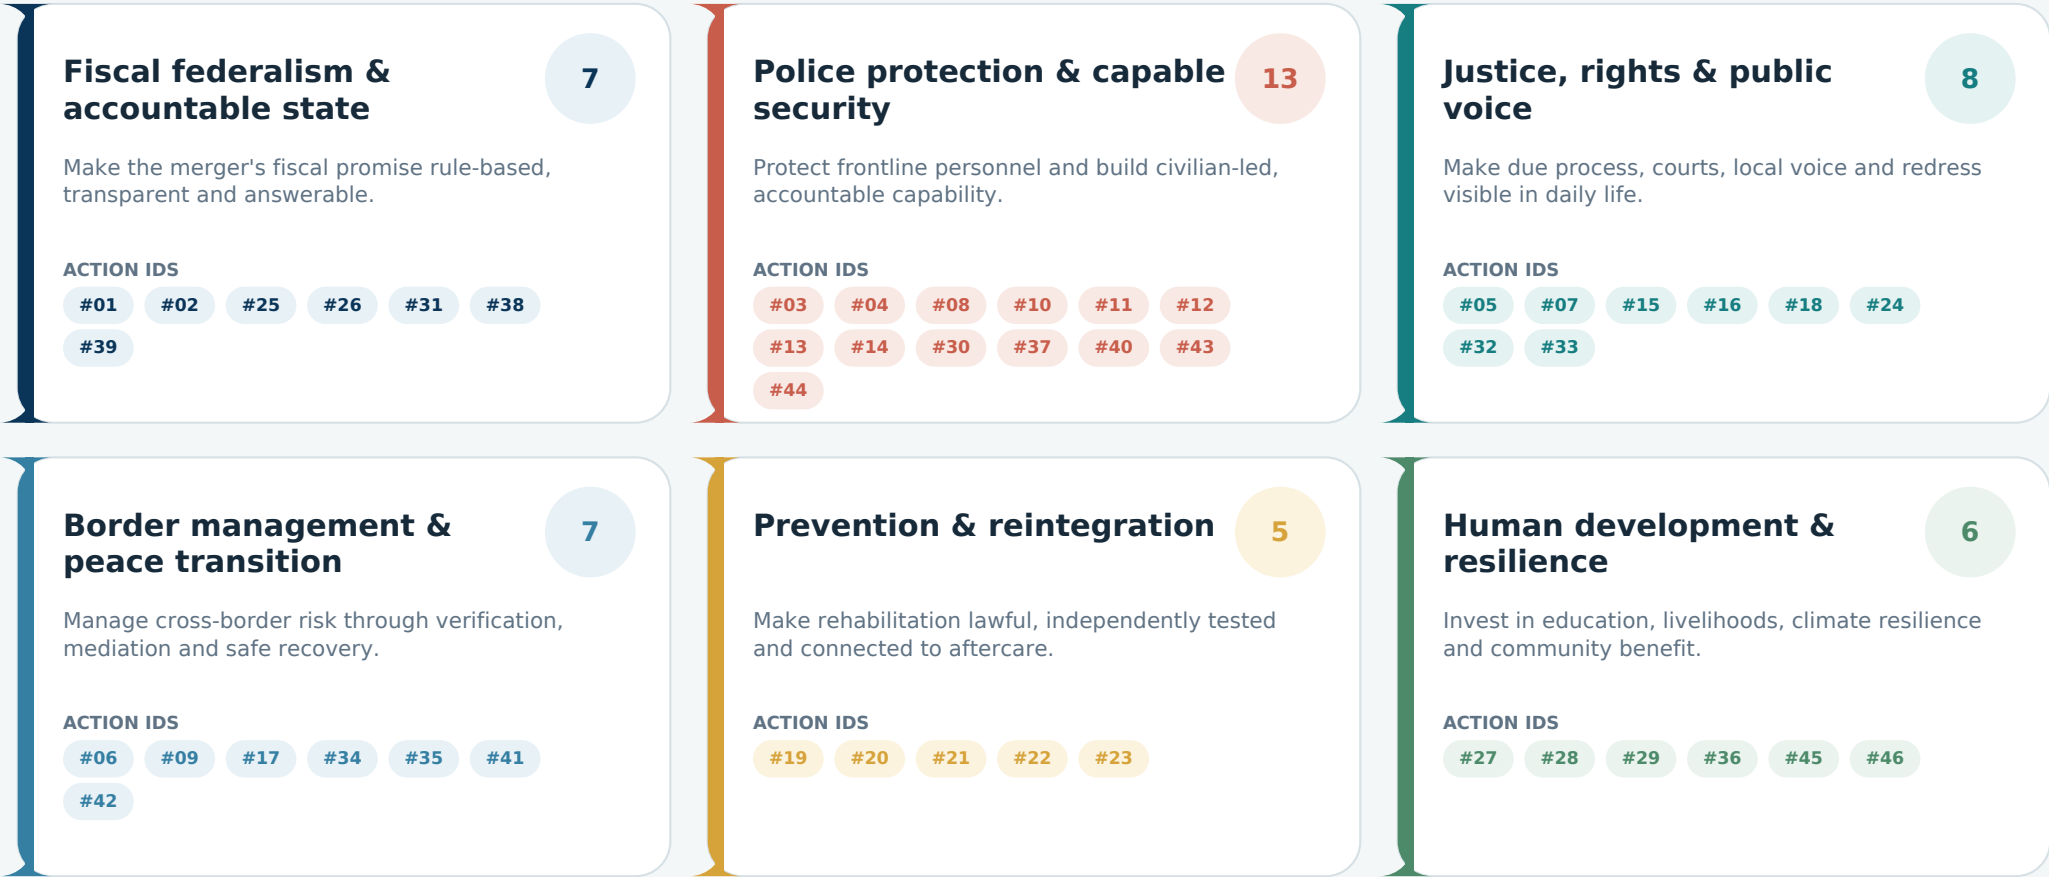

THE NORMALIZATION TEST

Repair all three together: security without rights loses cooperation; rights without security are unenforceable; transfers without accountability do not become services.

02 / PORTFOLIO MAP

Six workstreams carry the 46 actions

The themes are a navigation aid: cross-cutting actions remain numbered and fully detailed in the recommendation cards.

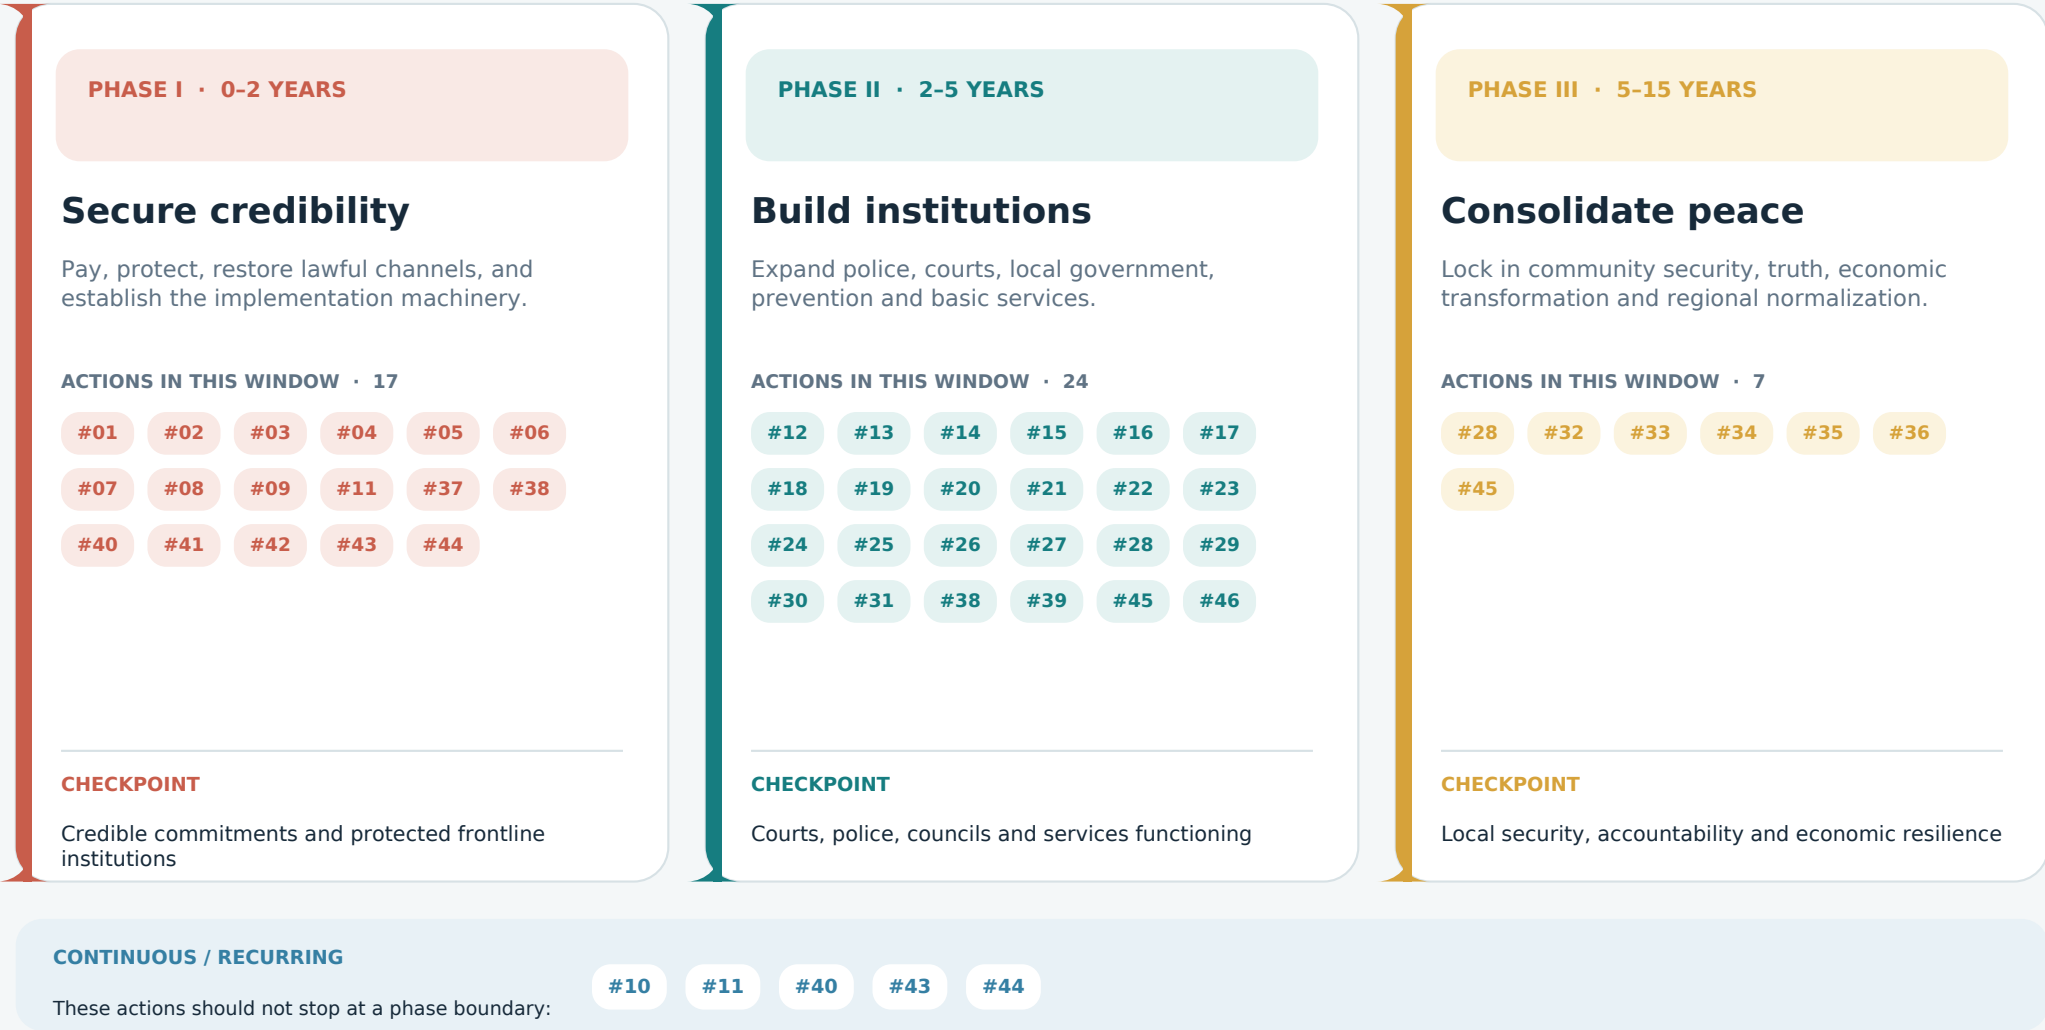

46 / 46 ACTIONS MAPPED

Each matrix action belongs to one primary visual workstream; multiple agencies and dependencies may cross themes.

03 / DELIVERY HORIZONS

The portfolio moves from credibility to capacity

Phase is taken from the matrix. A recommendation tagged across phases appears in each applicable window; continuous actions are called out separately.

04 / SEQUENCING LOGIC

Follow the credibility chain—and keep safeguards parallel

Chapter 15's critical path links fiscal delivery to durable security. It is not a reason to postpone rights or civilian protection.

THE SEQUENCING RULE

Parallel action is possible, but credibility is cumulative: a roadmap that begins with reconciliation while officers lack protection will not be believed; services without fiscal delivery remain promises.

RUN THESE SAFEGUARDS IN PARALLEL

#06 · #34 · #42

Verification before claims of settlement

#05 · #07 · #15

Due process and political space

#20 · #30 · #31

Independent data and oversight

#09 · #16 · #41

Return, repair and compensation

05 / THE FIRST SIX COMMITMENTS

Seven matrix actions. Six public commitments.

The study groups the statutory transfer and arrears payment together; all priority IDs are shown, including the annual public report.

01#01 + #02

Pay—and lock in—the transfer

Enact a protected formula, publish a schedule and clear the Rs 568 bn arrears.

Statute + audited quarterly releases

02#03 + #04

Protect and compensate police

Fund protected mobility, equipment, insurance and family support as one package.

Compensation paid within 90 days

03#15

Staff the courts

Make the justice system present in merged districts and measure time to disposition.

≥75% of ATC cases closed within 24 months

04#24

Elect councils with budgets

Complete local elections and devolve resources so residents have a lawful local interface.

Councils in all 7 merged districts

05#27

Fund girls' education

Secure schools, recruit female teachers and use stipends to close the enrolment gap.

Girls' secondary enrolment within 10 pp of provincial average

06#31

Publish the scorecard

Table an independent annual Normalization Report and name non-compliance.

Report within 180 days of each fiscal year

A priority set—not the full programme. The cards that follow retain all 46 recommendations.

06 / IMMEDIATE IMPLEMENTATION

First 90 days: make the state measurable and responsive

The policy brief identifies three no-regret measures that can begin without waiting for the full legislative package.

MOVE 01 · QUARTERLY + MONTHLY

Publish the data

Direct Home, Police and Finance to publish district-wise attacks, casualties and compensation each quarter, and merged-district releases each month.

ACCOUNTABILITY

LEAD Home Department · KP Police · Finance Department

LINK #01 · #31

A public baseline replaces fragmented claims.

MOVE 02 · RECONCILE SINCE 2019

Audit the pipeline

Bring federal, provincial, district and audit authorities together to reconcile every rupee committed against every rupee delivered; publish the table.

ACCOUNTABILITY

LEAD Federal + KP Finance · Auditor-General

LINK #01 · #02 · #26

A visible ledger turns fiscal grievance into an accountable process.

MOVE 03 · 14 / 30 / 45-DAY CLOCK

Respond to each police fatality

Within 14 days: documented review. Within 30 days: begin automatic family-compensation processing. Within 45 days: equipment-needs assessment for the unit.

ACCOUNTABILITY

LEAD KP Police · Home Department

LINK #03 · #04 · #10

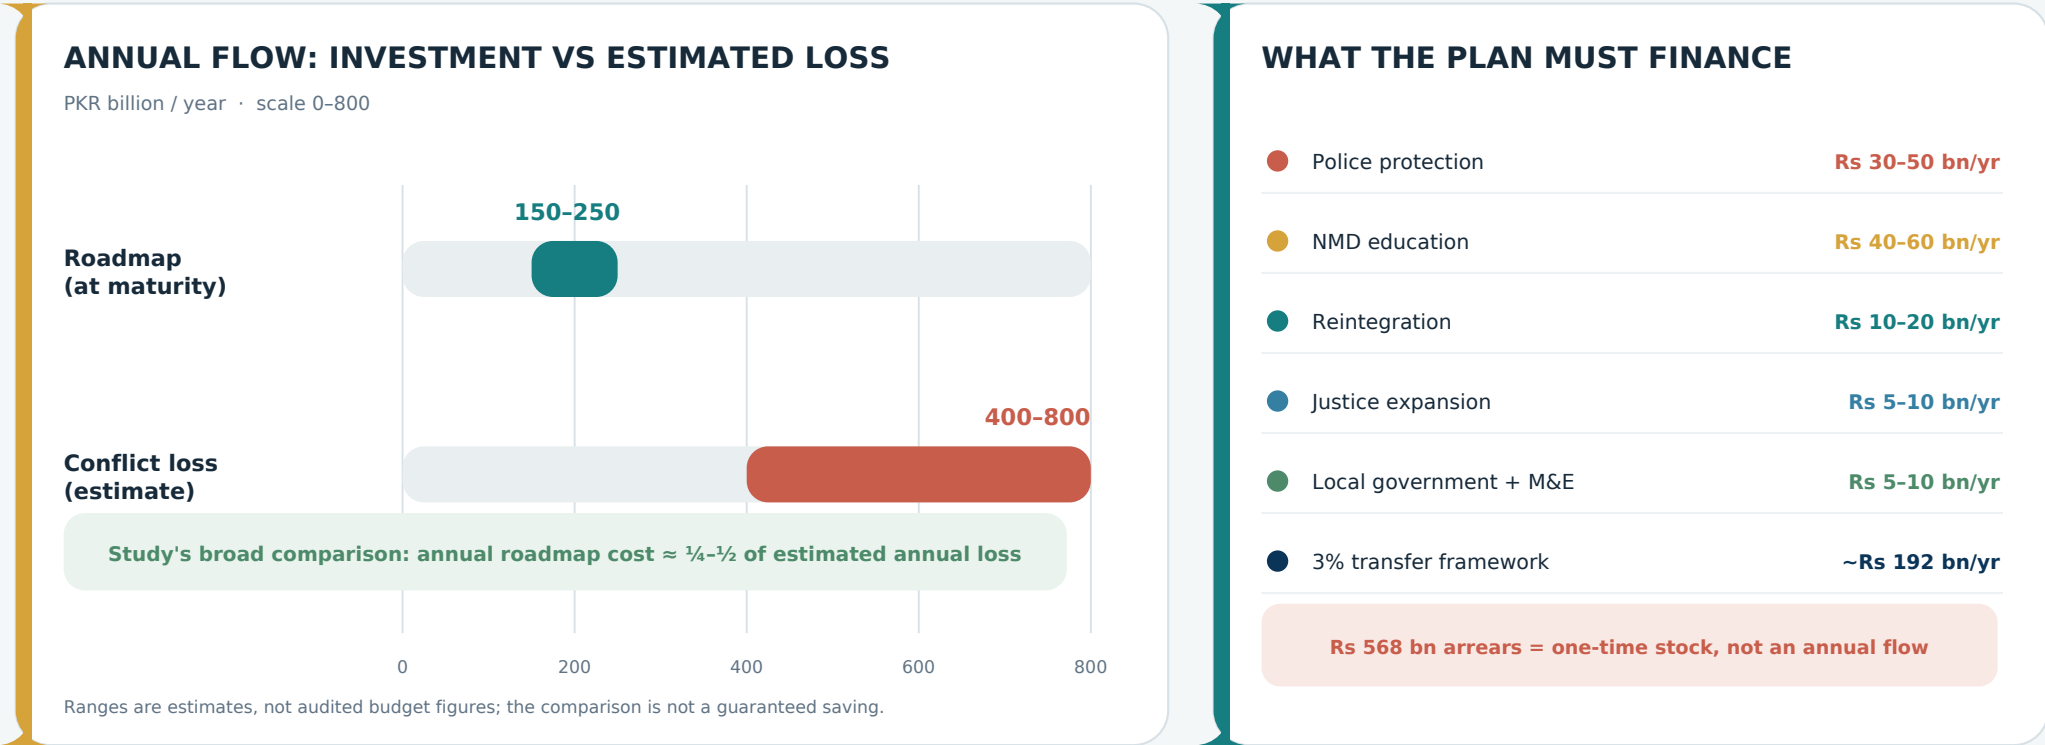

A repeatable protocol supports families and frontline confidence.

90-DAY TEST: CAN PEOPLE SEE THE MONEY, THE RESPONSE AND THE RESULT?

07 / FINANCING THE ROADMAP

Fund prevention and institutions before the conflict bills grow

All amounts are the study's indicative planning estimates. Annual programme costs and one-time arrears are shown separately.

RING-FENCE	PUBLISH	FUND PEOPLE	VERIFY
Protect the transfer in law and budget	Show district releases and audit follow-up	Pay recurrent costs, not only construction	Report delivery and non-compliance annually

Stock: Rs 568 bn arrears. Annual flows: itemised estimates and aggregate maturity requirement (Rs 150-250 bn/yr). Do not sum categories mechanically.

08 / IMPLEMENTATION ARCHITECTURE

Assign each function across four levels

A whole-of-government compact: federal financing and diplomacy; provincial delivery; district-facing services; independent and international partners.

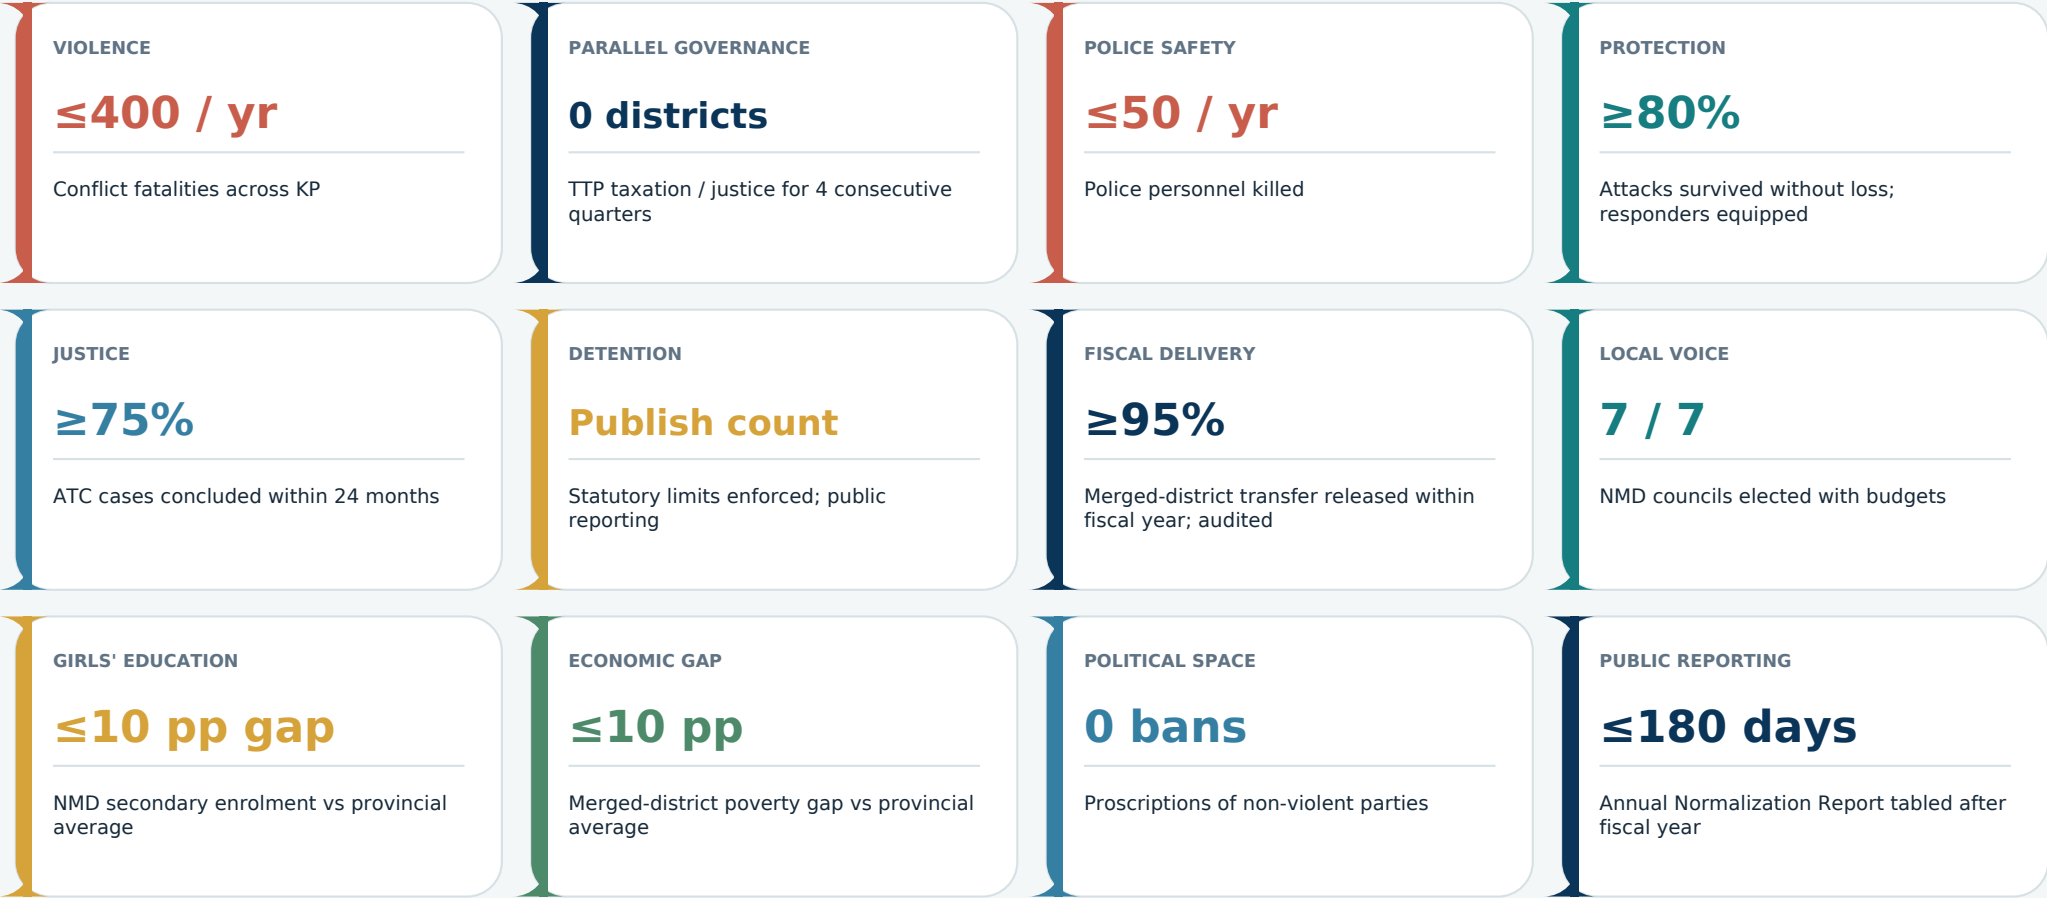

FUNCTION	FEDERAL	PROVINCIAL	DISTRICT / LOCAL	PARTNERS
Merged-district fund + audit	Finance · NFC · PMO	KP Finance	Community committees	Auditor-General
Police protection + compensation	Interior (supplementary)	Home · Police	DPOs	Donors (equipment)
CTD · fusion · CFT	Interior · NACTA	Home · CTD	—	FATF-consistent partners
Border + mediation	MOFA · Security Divisions	Border districts	Levies · police	China · Qatar · Türkiye · Saudi Arabia
Refugee processing	SAFRON · Interior	KP administration	Transit centres	UNHCR · IOM
Deradicalization + reintegration	NACTA · Interior	Home · CTD	DRCs	Universities · NGOs
Courts + ATCs	Law · Supreme Court	Prosecution · PHC	District judiciary	UNODC · partners
Local government	ECP · Law	Local Government	Councils	UNDP · donors
Education · health · jobs	Federal schemes	Line departments	DEOs · facilities	UNICEF · WFP · World Bank
Monitoring + annual report	Planning	P&D cell	District statistics	Independent panel

ACCOUNTABILITY RULE Every function needs one lead, a public delivery indicator, and an escalation path when federal and provincial responsibilities collide.

09 / MONITORING & EVALUATION

A public 2035 dashboard turns promises into tests

Targets below are the study's end-state measures. Disaggregate by district and publish definitions, denominators and audit notes.

MEASURE WHAT RESIDENTS EXPERIENCE—NOT ONLY WHAT INSTITUTIONS SPEND OR ANNOUNCE

10 / DISTRICT PRIORITISATION

Target the package to place and exposure

The source describes a tiered prioritisation aid—not a rendered geographic map. The tier lists below follow Appendix H; see the classification note.

TIER 1

SEVERE · SUSTAINED

North Waziristan · South Waziristan (Upper / Lower) · Bannu · Lakki Marwat

PRIORITY PACKAGE

Protect police mobility; fuse military-police intelligence; finish return and compensation; restore schools, health and district courts.

TIER 2

HIGH · EPISODIC

Khyber / Tirah · Bajaur · Mohmand · Kurram · Orakzai · D.I. Khan · Tank · Karak · Hangu

PRIORITY PACKAGE

Complete NMD policing; enforce Kurram accords; support Tirah and Sarbakaf return; protect roads and de-escalate sectarian risk.

TIER 3

URBAN / SOFT-TARGET

Peshawar · Mardan · Charsadda · Nowshera · Swat · Shangla · Malakand / Dir cluster

PRIORITY PACKAGE

Strengthen CT policing; protect markets, mosques, schools and transport; support Swat re-entry with rights-safe public safety.

TIER 4

STRATEGIC EXPOSURE

Abbottabad · Mansehra · Haripur · Chitral · Upper / Lower Dir · Hazara districts

PRIORITY PACKAGE

Protect infrastructure, tourism routes and corridors; integrate climate and GLOF resilience; monitor border-adjacent exposure.

CLASSIFICATION CAVEAT Appendix H lists Upper / Lower Dir in both its Tier 3 cluster and Tier 4 exposure group, and refers generally to “Hazara districts.” The study does not supply a GIS-ready, exhaustive district map; reconcile the overlap and validate local data before operational allocation.

11 / RISK, RIGHTS & SAFEGUARDS

Build the safeguards into the delivery plan

The roadmap identifies seven political and operational risks. Mitigation is an implementation task, not a footnote.

Fiscal promises deferred past 2028	Legislate the transfer; publish audited releases; make non-compliance visible.
Elite capture of merged-district funds	Community monitoring, public beneficiary lists, audits and elected councils.
Spoilers target visible progress	Protect schools, markets and routes; rapid compensation; plan continuity.
Police losses erode recruitment and morale	Protection-first sequencing, insurance, family support and equipment reviews.
Political instability interrupts reform	Multi-year budgets, a cross-party provincial charter and independent reporting.
Escalation with Afghanistan	Standing mediation, verified commitments and trade / mobility contingencies.
Surveillance growth erodes rights	Enact data-protection rules and parliamentary oversight before Safe City expansion.

NON-NEGOTIABLE DELIVERY GUARDRAILS

- Lawful, individual refugee processing
- Collateral-harm review + rapid compensation
- Independent programme evaluation
- Privacy rules before expanded surveillance

12 / COMPLETE ACTION REGISTER

Recommendations 01-04

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

01

RECOMMENDATION

PHASE I · Ch. 5, 15

Legislate the merged-district transfer (3% NFC share or quantified equivalent) with statutory audit

LEAD

Federal Finance / NFC / PMO

INDICATIVE COST

Within existing pool

MEASURE OF PROGRESS

Statute passed; annual audited transfer report

02

RECOMMENDATION

PHASE I · Ch. 5, 15

Clear Rs 568 bn arrears on a published schedule

LEAD

Federal Finance; KP Finance

INDICATIVE COST

Rs 568 bn (stock)

MEASURE OF PROGRESS

Arrears balance; quarterly release compliance

03

RECOMMENDATION

PHASE I · Ch. 7, 15

Emergency police protection package (protected mobility, counter-IED, counter-drone, comms)

LEAD

KP Police; Interior

INDICATIVE COST

Rs 50–80 bn (one-off) + Rs 30–50 bn/yr

MEASURE OF PROGRESS

Police fatalities and attack survival rate

04

RECOMMENDATION

PHASE I · Ch. 7, 15

Fully fund police insurance, compensation and family support; publish annual shuhada report

LEAD

KP Police / Home

INDICATIVE COST

Rs 5–10 bn/yr

MEASURE OF PROGRESS

Percentage of entitlements paid within 90 days

12 / COMPLETE ACTION REGISTER

Recommendations 05-08

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

05

RECOMMENDATION

PHASE I · Ch. 4, 8, 12

Lift the PTM proscription; release detainees held without terrorism charges

LEAD

Federal Cabinet; Interior

INDICATIVE COST

Negligible

MEASURE OF PROGRESS

Proscription status; number held without charge

06

RECOMMENDATION

PHASE I · Ch. 9, 15

Convert ceasefire with Afghanistan into a verified monitoring mechanism with standing mediation

LEAD

MOFA; Security Divisions

INDICATIVE COST

Diplomacy costs

MEASURE OF PROGRESS

Monitoring reports issued quarterly; border incidents

07

RECOMMENDATION

PHASE I · Ch. 9, 11, 15

Lawful, individual, appealable refugee processing; no mass refoulement

LEAD

SAFRON/Interior; UNHCR

INDICATIVE COST

Donor-supported

MEASURE OF PROGRESS

Irregular-return complaints; UNHCR access

08

RECOMMENDATION

PHASE I · Ch. 3, 7, 14

Counter-drone, counter-IED and protected-mobility deployment by threat tier

LEAD

KP Police; Interior

INDICATIVE COST

Included in #3

MEASURE OF PROGRESS

Drone attacks thwarted; casualty trend

12 / COMPLETE ACTION REGISTER

Recommendations 09-12

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

09

RECOMMENDATION

PHASE I · Ch. 5, 10

Tirah, Sarbakaf and Kurram compensation, return and reconstruction

LEAD

KP Government; FDMA

INDICATIVE COST

Rs 20-40 bn

MEASURE OF PROGRESS

Families compensated within 180 days; return rate

10

RECOMMENDATION

PHASE C · Ch. 6, 9

Intelligence-led operations with mandatory collateral-harm review and rapid compensation

LEAD

Army; CTD

INDICATIVE COST

Within security budget

MEASURE OF PROGRESS

Published aggregate review findings; compensation timeliness

11

RECOMMENDATION

PHASE I-C · Ch. 3, 10, 15

Counter-financing campaign against TTP revenue (extortion, mining, smuggling)

LEAD

CTD; FIA; Customs; Mines Dept

INDICATIVE COST

Rs 2-5 bn/yr

MEASURE OF PROGRESS

Seizures; documented reduction in taxation reports

12

RECOMMENDATION

PHASE II · Ch. 5, 7

Complete the NMD policing framework (Levies/Khasadar consolidation; statutory police in all seven districts)

LEAD

KP Home / Police

INDICATIVE COST

Rs 20-30 bn/yr

MEASURE OF PROGRESS

NMD police strength; trust surveys

12 / COMPLETE ACTION REGISTER

Recommendations 13-16

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

13

RECOMMENDATION

PHASE II · Ch. 7, 11

Professionalise the CTD (investigation/operation separation; analytical cadre) with published case data

LEAD

CTD; Home

INDICATIVE COST

Rs 3-5 bn/yr

MEASURE OF PROGRESS

Arrest → charge → conviction rates published

14

RECOMMENDATION

PHASE II · Ch. 7, 11

Strengthen police accountability (Public Safety Commissions; independent misconduct investigations)

LEAD

Home; PSB

INDICATIVE COST

Rs 1-2 bn/yr

MEASURE OF PROGRESS

Complaints investigated; transparency index

15

RECOMMENDATION

PHASE II · Ch. 5, 7, 11

Judicial delivery plan for the NMDs; ATC case-conclusion targets

LEAD

Law/PHC; Prosecution

INDICATIVE COST

Rs 5-10 bn/yr

MEASURE OF PROGRESS

≥75% ATC cases concluded within 24 months

16

RECOMMENDATION

PHASE II · Ch. 7, 10, 12

Victims' reparations scheme with psychosocial services

LEAD

KP Government; Health

INDICATIVE COST

Rs 5-10 bn/yr

MEASURE OF PROGRESS

Registered victims served; satisfaction surveys

12 / COMPLETE ACTION REGISTER

Recommendations 17-20

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

17

RECOMMENDATION

PHASE II · Ch. 3, 11, 15

Enforce Kurram/sectarian accords with disarmament milestones and road guarantees

LEAD

KP Government; PMC

INDICATIVE COST

Rs 3-5 bn/yr

MEASURE OF PROGRESS

Road-open days; accord violations prosecuted

18

RECOMMENDATION

PHASE II · Ch. 12, 13

Formalise jirgas as mediators with rights safeguards and DRC referral protocols

LEAD

Law; Local Government

INDICATIVE COST

Rs 1-2 bn/yr

MEASURE OF PROGRESS

Cases mediated; rights-safeguard compliance

19

RECOMMENDATION

PHASE II · Ch. 8

Enact a deradicalization and reintegration statute; create the R&R Authority; statutory juvenile track

LEAD

Federal/Provincial; Home

INDICATIVE COST

Rs 2-3 bn/yr

MEASURE OF PROGRESS

Statute enacted; juveniles processed lawfully

20

RECOMMENDATION

PHASE II · Ch. 8

Independent five-year evaluation of all deradicalization programmes, published

LEAD

P&D; donors; universities

INDICATIVE COST

Rs 500 m-1 bn

MEASURE OF PROGRESS

Evaluation published with recidivism data

12 / COMPLETE ACTION REGISTER

Recommendations 21-24

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

21

RECOMMENDATION

PHASE II · Ch. 8, 12

Relocate and expand deradicalization to Bannu, D.I. Khan and NMDs; aftercare grants and apprenticeships

LEAD

Home; CTD; chambers

INDICATIVE COST

Rs 10-20 bn/yr

MEASURE OF PROGRESS

Graduates employed; relapse rate measured

22

RECOMMENDATION

PHASE II · Ch. 8, 12

Pashto-language counter-narrative programming by local credible voices

LEAD

Information; CTD; NGOs

INDICATIVE COST

Rs 1-3 bn/yr

MEASURE OF PROGRESS

Reach/engagement metrics; independent review

23

RECOMMENDATION

PHASE II · Ch. 8, 11

Restore a consultative madrasa registration framework after the 2024 reversal

LEAD

Federal ITE; provinces

INDICATIVE COST

Rs 2-4 bn/yr

MEASURE OF PROGRESS

Registered institutions; compliance inspections

24

RECOMMENDATION

PHASE II · Ch. 5, 11, 13

Hold local government elections in the NMDs with devolved budgets

LEAD

KP Local Government; ECP

INDICATIVE COST

Rs 5-10 bn (one-off)

MEASURE OF PROGRESS

Councils elected; own-source revenue

12 / COMPLETE ACTION REGISTER

Recommendations 25-28

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

25

RECOMMENDATION

PHASE II · Ch. 7, 11

Statutory federal-provincial security compact with defined financing and roles

LEAD

Federal/Provincial

INDICATIVE COST

Fiscal-neutral

MEASURE OF PROGRESS

Compact enacted; disputes resolved via framework

26

RECOMMENDATION

PHASE II · Ch. 4, 10, 13

Anti-corruption in NMD contracts and funds (asset recovery; public beneficiary lists)

LEAD

ACE/NAB; KPPRA

INDICATIVE COST

Rs 1-2 bn/yr

MEASURE OF PROGRESS

Audits acted upon; recoveries

27

RECOMMENDATION

PHASE II · Ch. 10, 12

Education emergency: girls' enrolment, female teachers, secure campuses, stipends

LEAD

Education Dept; donors

INDICATIVE COST

Rs 40-60 bn/yr

MEASURE OF PROGRESS

NMD female enrolment; out-of-school rate

28

RECOMMENDATION

PHASE II-III · Ch. 10, 12, 15

Youth employment: skills, SEZs, IT/freelancing, tourism value chains

LEAD

P&D; Industries

INDICATIVE COST

Rs 20-40 bn/yr

MEASURE OF PROGRESS

Youth employment; sector jobs

12 / COMPLETE ACTION REGISTER

Recommendations 29-32

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

29

RECOMMENDATION

PHASE II · Ch. 10, 14

Climate-resilient reconstruction and GLOF early warning

LEAD

PDMA/FDMA

INDICATIVE COST

Rs 15-30 bn/yr

MEASURE OF PROGRESS

Hazard coverage; reconstruction standards

30

RECOMMENDATION

PHASE II · Ch. 7, 14

Provincial threat-fusion centre with data-protection and parliamentary oversight

LEAD

Home/CTD/NACTA

INDICATIVE COST

Rs 3-5 bn/yr

MEASURE OF PROGRESS

Fusion products; oversight reports

31

RECOMMENDATION

PHASE II (FROM YR 1) · Ch. 11, 15

Annual public Normalization Report with independent panel and non-compliance register

LEAD

P&D; KP Assembly

INDICATIVE COST

Rs 200-500 m/yr

MEASURE OF PROGRESS

Report tabled within 180 days of fiscal year

32

RECOMMENDATION

PHASE III · Ch. 13, 15

Community security contracts (district co-designed plans)

LEAD

Districts; police; councils

INDICATIVE COST

Within local budgets

MEASURE OF PROGRESS

Districts with published security plans

12 / COMPLETE ACTION REGISTER

Recommendations 33-36

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

33

RECOMMENDATION

PHASE III · Ch. 6, 11, 13

Truth/documentation process; missing persons; memorialisation policy

LEAD

KP Government; Federal

INDICATIVE COST

Rs 2-4 bn/yr

MEASURE OF PROGRESS

Record published; cases addressed

34

RECOMMENDATION

PHASE III (CONDITIONAL) · Ch. 9, 13, 15

Verified, staged negotiation framework with the TTP if and when available

LEAD

Federal

INDICATIVE COST

Not quantified

MEASURE OF PROGRESS

Verifiable commitments; monitored decommissioning

35

RECOMMENDATION

PHASE III · Ch. 9, 15

Regional normalisation: trade, mobility, SCO/OIC counter-terrorism frameworks

LEAD

MOFA; provinces

INDICATIVE COST

Not quantified

MEASURE OF PROGRESS

Trade volumes; border-closure days

36

RECOMMENDATION

PHASE III · Ch. 10, 15

Economic transformation: minerals with value addition, energy, tourism, IT exports

LEAD

P&D; private sector

INDICATIVE COST

Rs 50-100 bn/yr

MEASURE OF PROGRESS

Provincial GDP growth; exports; poverty

12 / COMPLETE ACTION REGISTER

Recommendations 37-40

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

37

RECOMMENDATION

PHASE I · Ch. 7

Fixed-tenure, merit-based appointments for police leadership (IG/CCPO/DPO)

LEAD

KP Government

INDICATIVE COST

Fiscal-neutral

MEASURE OF PROGRESS

Average tenure; transfers under review

38

RECOMMENDATION

PHASE I-II · Ch. 11

NACTA reform: professional civilian secretariat, statutory data access, public annual threat report

LEAD

Federal Interior; NACTA

INDICATIVE COST

Rs 1-2 bn/yr

MEASURE OF PROGRESS

Threat report published; data compliance

39

RECOMMENDATION

PHASE II · Ch. 11

Statutory provincial counter-terrorism framework (consolidating CTD, fusion, oversight)

LEAD

KP Assembly; Home

INDICATIVE COST

Fiscal-neutral

MEASURE OF PROGRESS

Statute enacted; consolidated oversight

40

RECOMMENDATION

PHASE I-C · Ch. 6

Institutionalise post-operation assessment (seven criteria) with public reporting

LEAD

Army; Planning

INDICATIVE COST

Rs 500 m/yr

MEASURE OF PROGRESS

Assessments published annually (aggregate)

12 / COMPLETE ACTION REGISTER

Recommendations 41-44

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

41

RECOMMENDATION

PHASE I · Ch. 5, 6

Standing post-operation stabilisation and return task force

LEAD

KP Government; FDMA

INDICATIVE COST

Rs 5–10 bn/yr

MEASURE OF PROGRESS

Return rates; service restoration within 12 months

42

RECOMMENDATION

PHASE I · Ch. 9

Standing mediation and verification secretariat (China/Qatar/Türkiye/Saudi facilitation)

LEAD

MOFA

INDICATIVE COST

Diplomatic

MEASURE OF PROGRESS

Continuous mechanism; compliance reports

43

RECOMMENDATION

PHASE I-C · Ch. 3, 10

Protection programme for minorities and vulnerable groups (sites, processions, leaders)

LEAD

KP Police; Interior

INDICATIVE COST

Rs 2–5 bn/yr

MEASURE OF PROGRESS

Incidents against protected groups; response times

44

RECOMMENDATION

PHASE I-C · Ch. 7, 10

Polio/vaccination and health-worker protection with dedicated escorts

LEAD

KP Police; Health

INDICATIVE COST

Rs 2–3 bn/yr

MEASURE OF PROGRESS

Worker casualties; campaign coverage

12 / COMPLETE ACTION REGISTER

Recommendations 45-46

Every card carries the matrix wording, lead responsibility, indicative cost and KPI. Phase labels follow the study's matrix.

45

RECOMMENDATION

PHASE II-III · Ch. 10

Mental-health and psychosocial capacity expansion for conflict-affected populations

LEAD

Health Dept; donors

INDICATIVE COST

Rs 3-5 bn/yr

MEASURE OF PROGRESS

Psychiatric workforce; community services

46

RECOMMENDATION

PHASE II · Ch. 10, 13

Mineral benefit-sharing and revenue-transparency framework (esp. NMDs)

LEAD

Mines Dept; Finance

INDICATIVE COST

Fiscal-neutral

MEASURE OF PROGRESS

Published royalties; community fund disbursements

THE ACTION REGISTER IS COMPLETE

The 46 recommendations are the implementation layer of the monograph's 16-chapter analysis. The following source note records how to interpret cost ranges, data gaps and the district classification.

13 / SOURCE & USE NOTES

Read the figures as a decision aid—not a forecast

This atlas makes the source study's recommendations easier to compare, sequence and assign. It does not add new evidence or change the underlying claims.

PRIMARY BASIS

Research-agent monograph, Chapter 15 (Phased Normalization Roadmap) and the 46-item Recommendations Matrix in Chapter 18 / Statistical Annex. Policy-brief financing, governance and monitoring tables supplement the action cards.

COSTS

All costs are indicative planning ranges in Pakistani rupees. Costs are annual unless stated; Rs 568 bn is an arrears stock, not an annual amount. The study's Rs 150–250 bn/yr maturity estimate excludes arrears and one-off costs. Do not add every row mechanically.

EVIDENCE LIMITS

The monograph flags data gaps in public audited time series, operation-related civilian harm, case outcomes, fiscal absorption and rehabilitation results. Contested claims are attributed, not reconciled; programme figures are not presented as independent evaluations.

DISTRICT TIERS

Appendix H describes tiers rather than supplying a GIS-ready basemap. Its Upper / Lower Dir listing overlaps between tiers, and “Hazara districts” is not enumerated. Validate this classification against current, district-level evidence before allocating operational resources.

SOURCE TEXT: [research/chapters/18_statistical_annex.md](#) · DATA CUT-OFF: 04 OCT 2026
